YALE BABYSITTING &
TUTORING SERVICE

- Need a sitter for Saturday night?
- Need a few more hours after the childcare center closes?
- Need a regular, reliable sitter?
- Need a tutor for your child? Yourself?

The Yale Babysitting and Tutoring Service (YBS) links Yale parents with Yale students who want to babysit or provide tutoring services. Parents can post jobs, contact sitters, contact tutors and more!

To get started, visit https://babysitting-tutoring.yale.edu/

The YBTS was made possible in 2003 through the joint efforts of the Women Faculty Forum and Yale WorkLife Program, seeks to address the need for babysitting outside of the hours during which childcare centers operate, linking Yale faculty, staff, post-doctoral and student parents with Yale students interested in providing babysitting services. Tutoring services were added in 2020. The YBTS can only be used by members of the Yale community with a Yale Net ID.
